## SPIDER PUMPKIN STENCIL

What you will need:

- Ready-to-carve pumpkin
- Standard printer paper
- Soft graphite pencil
- Clear tape
- Ballpoint pen
- Black permanent marker
- Pumpkin carving tools

Kids, have a grown-up help you with the carving tools.

How to transfer the stencil to the pumpkin:

1. Print the template on standard printer paper. Scribble heavily all over the back of the template with a soft graphite pencil.  
NOTE: Pumpkin carving skill level - Intermediate
2. Tape the template onto a ready-to-carve pumpkin that is clean and dry with the scribbled pencil side on the pumpkin.
3. Trace over the template with the ballpoint pen to transfer the image onto the pumpkin. Define the template with a marker and then carve out the design.
